
NDI ADRL Inc. Registered as Drug Establishment with US FDA

FOR IMMEDIATE RELEASE

Mississauga (July 23, 2013) NDI ADRL Inc. dba “Diteba,” the analytical and testing facility of Nutrasource Diagnostics Inc. (NDI) of Guelph, Ontario, Canada, is pleased to announce that its registration with the U.S. Food and Drug Administration (FDA) has been seamlessly transitioned to the new corporate name. It is now registered with the FDA in accordance with Section 510 (i) of the Food, Drug and Cosmetic Act and 21 CFR 207.40 as Drug Establishment (**Registration No. 3005415167**). Diteba has been registered with FDA since 2005.

This registration signifies that the facility is registered to conduct all its activities related to the handling and processing of drug substances in compliance with the U.S. FDA’s requirements for drugs imported for sale in the USA.

About NDI

NDI has over ten years of international experience providing scientific research, product development, regulatory and quality services to the dietary supplement, natural health product, food, beverage and pharmaceutical industries. Services are offered as stand-alone capabilities or integrated into NDI’s overall business model of helping companies bring preventative treatments to health and disease conditions to the market in a timely and cost-effective manner.

About Diteba

Diteba is a world leader in analytical test method development, validation and testing. Diteba’s testing services are performed in accordance with the requirements of the U.S. Food and Drug Administration (FDA 21CFR Part 210 & 211), Health Canada Good Manufacturing Practices (GMP) guidelines and the International Conference on Harmonization (ICH) guidelines. Diteba is licensed by Health Canada as a GMP drug establishment, is registered as a Drug Establishment with the U.S. FDA and is licensed by Health Canada to handle controlled drugs and substances.
